Dear Debbie:

One of the regular listeners to my **Cutting Edge Radio Program** informed me that he had contacted you, asking if you would be interested in my examination of America's leadership toward the New World Order from a theologically extensive Biblical perspective.

I have enclosed the following materials for your consideration:

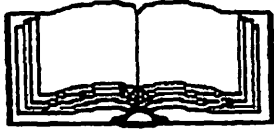

1. All tapes aired since 11/9/91
2. Accompanying radio scripts -- In most instances, we tightly script our material; however, we do ad-lib on occasion. We limit our ad-lib portion because we want to ensure that each program is well planned and well footnoted.
3. Master listing of both the tapes and the scripts.

This radio program is an outgrowth of a 5-hour seminar entitled, "**America's Leadership of the New World Order**". I have also enclosed a flyer advertisement for the seminar.

In my extensive research into the New World Order Plan, I was startled to realize that their plans and beliefs will fulfill Biblical prophecy concerning the appearance of the Anti-Christ and his Last Days kingdom, to the extent that such fulfillment could not be accidental!! The odds are astronomically against such accidental fulfillment. We aired a program on this subject on 2/15/92.

Thus, I began to study this movement from both Christian and non-Christian sources, beginning in 1984. My Selected Bibliography for my seminar lists almost 50 books alone. I read Mr. Cooper's book, **Behold A Pale Horse**, in November, 1991, and was gratified to receive confirmation of many points, plus new information in several other areas.

I would appreciate it if you and/or Mr. Cooper could peruse this material; if you concur that it presents the **New World Order** from a unique perspective which would complement the fine effort which Mr. Cooper is making, I would be pleased to open dialogue with him concerning how we can cooperate to get this information disseminated.

Thank you ahead of time for your interest and your cooperation. I pray fervently that we can, even yet, awaken enough Americans so we can thwart the rapidly-approaching **New World Order**.

Sincerely yours,

David Bay
