"William Cooper is the only man in America who has all the pieces to the puzzle that has troubled so many for so long."

—Anthony Hilder, Radio Free America

William Cooper, a former U.S. Naval Intelligence Briefing Team member, accurately predicted the fall of the Soviet Union, the end of the Berlin Wall, and the invasion of Panama. His information came from top secret documents that he read while with the Intelligence Briefing Team and from over twenty years of research. Cooper reveals his theories on the assassination of John F. Kennedy, the war on drugs, and UFOs. He urges the listener, "Like it or not, everything is changing. The result will be the most wonderful experience in human history or the most horrible enslavement you can imagine. Be active or abdicate; the future is in your hands."

OKLAHOMA CITY: DAY ONE

A Detailed Account of the
Bombing of the Alfred P. Murrah Federal Building
Oklahoma City, Oklahoma
April 19, 1995

by Michele Marie Moore, with a Foreword by William Cooper

Officials claim the bombing of the Murrah Federal Building is a simple open-and-shut case; that the bomber was an anti-government extremist exacting revenge with a fertilizer bomb packed inside a Ryder truck. The media tells us that we must fear American patriots... and the Militia.

NOTHING COULD BE FURTHER FROM THE TRUTH!

In this monumental work, encyclopedic in scope and fully documented -- the first of several volumes -- you are taken on a journey which begins with the explosions and continues through the final dramatic rescue of the last survivor. The *real* story of the bombing is a mind-numbing account of federal deceptions, media manipulation, witness intimidation, the deliberate suppression and manufacture of evidence, the cruel exploitation of survivors and their family members, attempts to destroy independent investigations, and the government's efforts to conceal the documentation that reveals a foreknowledge of the pending disaster by many federal, state, and local officials.

The true facts of the bombing bear no resemblance to the "official story." The truth is shocking....

You must read **OKLAHOMA CITY: DAY ONE** or you will never really know what happened on April 19, 1995. Every piece of evidence is fully documented. Complete references are provided. You will never put this book down until you have finished it... then you will return to it again and again.

OKLAHOMA CITY: DAY ONE is but the beginning of a very long story... blood red, born in flames.

The Branch Davidian's

Last Will and Testament - The men, women, and little children murdered during the Waco Massacre by the BATF and FBI tell their own story on camera, during the siege. The haunting story that keeps Janet Reno awake at night.

The actual two hour videotape made by the Branch Davidian's for the BATF & FBI to prove that no one was being held against their will. The Church members were not aware that this tape would turn out to be their only chance to tell their story to the world. All the people in this video tape are now dead.

Zapruder Film

On November 22, 1963 Abraham Zapruder stood on a concrete abutment near the famous 'grassy knoll' in Dallas, Texas intending to film the President's motorcade. Instead he filmed the assassination of President John Fitzgerald Kennedy. Zapruder rushed the film to a lab where it was developed. A local TV station aired what became known as the 'Zapruder Film' the same night. The film was confiscated shortly after and transported to the National Photographic Laboratory in Washington D.C. The film was eventually returned to Abraham Zapruder who promptly auctioned it off to the highest bidder, Time Life, Inc. The film was never made available to public scrutiny. Why not?

In 1992 William Cooper acquired a first generation copy on 35 mm color positive film. A copy was immediately made on 1 inch video tape. We are offering a brilliant color copy of the now famous 'Zapruder Film' on 1/2 inch VHS, NTSC video tape at its normal speed, 1/4 speed, 1/10th speed and frame by frame included in one video. If you have an interest in the Kennedy assassination you must have this video tape. The public has never been allowed to purchase the complete film in frame by frame format. All previously available copies of the 'Zapruder Film' have been incomplete bootleg tapings of television airings. This is your chance to acquire a very rare part of our history.

Introducing!

LUXOR

Visitors to Las Vegas are rubbing their eyes and taking a second look. Some wonder if they have been caught in a time warp. A great pyramid rises up out of the desert before them soon followed by the Sphinx and finally an Obelisk, the phallus of Osirus. Approaching the city at night one is greeted by a thick beam from the brightest light in the world reaching straight up into outer space. Can it possibly be real... ?

Luxor is a modern occult temple where millions of unsuspecting "profane" will receive illumination from the ancient Egyptian "Mystery Religion". For a few days people from Boise and Keokuk will get a barrage of symbology they will never understand. Without their knowledge all will receive the three degrees in six acts. They will leave wearing the mental aprons of Freemasons without portfolio.

"Hauntingly beautiful, chilling!" video taped shortly after the Luxor's late 93 opening when it was still new and not covered with its present layer of dust. Beautiful and mysterious, the Luxor beckons and repulses, imparting feelings of euphoria alternating with impending doom. A must see for those studying the emerging New World Order.

Dear Friend,

I have experienced severe pain in both of my legs for many years. Pain that became so bad toward the end of the day that I began to dread getting up each morning.

A friend introduced me to Dr. Wallach's new products and I began taking them. I was very pleasantly surprised. My legs are now completely free of the debilitating pain that caused me to suffer so much. I feel energized. I feel much better than I have felt in years. And my eyesight has improved.

This is your opportunity to finally improve your health with wholesome nutritional products that really and truly work.

Please fill out the *Associate Application and Agreement* and send it directly to me at the Harvest Trust address. Be sure to enclose \$6 make payable to *American Longevity* or insert your credit card information on the form.

So What Does COLLOIDAL Mean?

Harvest Trust

Nearly everybody, especially so-called experts, misunderstand the source and kind of minerals that are found in Virgin Earth. They are different in many respects from the commonly known minerals that come from rocks and soil. The mineral derived from rock is called 'metallic mineral' and basically it contains a positive electrical charge. It can be seen or viewed through a 200 power microscope and supposedly an over abundance of certain of these elements can have toxic effects on the body.

Virgin Earth, minerals come from humic shale which is composed of prehistoric plant life in its concentrated form. Minerals in plants originated in the silt and rocks, but were transferred to the plant through a process known as photosynthesis, making them "colloidal." Colloidal minerals have a negative electrical charge. A colloidal mineral is so small that many times it cannot be detected with a 1000 power microscope and it stays suspended rather than going into solution because of its negative charge and size to weight ratio.

Few people understand, or know anything, about colloidal chemistry. However, Dr. Fredrick S. Macy, Dr. Patrick Flanagan, and chemist

David Graham say colloidal minerals are basically nontoxic because of their plant or vegetable source. In fact, Dr. Macy's article about colloidal minerals which was published in *Readers Digest*, said in part "in colloidal form iodine, for example, is one of the elements essential for the well-being of human cells. Yet if you should drink as much as two or three grains of free iodine, it would kill you." Dr. Macy when explaining this, held up an eight ounce cup full of colloidal iodine.

"There," he said "is the equivalent of 740 grains of free iodine- enough to kill 300 men." And he drank it. In that form, iodine is not only harmless, but beneficial. The same is true of arsenic and other deadly poisons."

Much information is available that supports the importance of minerals that come from plants or plant life rather than rocks and soils. An issue of *Health Living* carried an article that said, "The body does need minerals in the organic form. Organic minerals are absorbable by body tissues and become energy catalysts for the cells. These minerals are obtained from plants or food consumed. The soil contains

the same major inorganic materials, yet if a person were starving and consumed the soil, he would get no nourishment. The body cannot absorb inorganic minerals nor can it convert them into an assimilable form. Only the plant kingdom can extract inorganic matter from the earth and, through a process called photosynthesis, convert it into organic substances which can then be used by the human body."

PigPak Formula

The American Longevity PigPak features two bottles of Virgin Earth Minerals, two bottles of Virgin Earth Ultimate Tangy Tangerine, Ultimate E.F.A. Capsules and Ultimate Gluco-Gel Caps. All the items in this PigPak make up Dr. Wallach's "essential 90" nutrient health program.

**"LACKING MINERALS,
VITAMINS ARE USELESS"**

We know that vitamins are complex chemical substances which are indispensable to nutrition, and that each of them is of importance for the normal function of some special structure in the body. Disorder and disease result from any vitamin deficiency.

It is not commonly realized, however, that vitamins control the body's appropriation of minerals, and in the absence of mineral's they have no function to perform.

LACKING VITAMINS, THE SYSTEM CAN MAKE SOME USE OF MINERALS, BUT LACKING MINERALS, VITAMINS ARE USELESS.

"OUR PHYSICAL WELL-BEING IS MORE DIRECTLY DEPENDENT UPON THE MINERALS WE TAKE INTO OUR SYSTEMS THAN UPON CALORIES OR VITAMINS, OR UPON THE PRECISE PROPORTIONS OF STARCH, PROTEIN OR CARBOHYDRATES WE CONSUME."

... Senate Document No 264

*Verbatim

Do you know that most of us today are suffering from certain dangerous diet deficiencies which cannot be remedied until the depleted soils from which our foods come are bought into *proper mineral balance*?

The alarming fact is that foods — fruits and vegetables and grains, now being raised on millions of acres of land that no longer contains enough of certain needed minerals, are starving us — no matter how much of them we eat!

**"THIS TALK ABOUT MINERALS
IS NOVEL AND QUITE STARTLING"**

This talk about minerals is novel and quite startling. In fact, a realization of the importance of minerals in food is so new that the text books on nutritional dietetics contain very little about it. Nevertheless, it is something that concerns all of us, and the further we delve into it the more startling it becomes.

You'd think, wouldn't you, that a carrot is a carrot—that one is about as good as another as far as nourishment is concerned? But it isn't; one carrot may look and taste like another and yet be lacking in the particular mineral element which our system requires and which carrots are supposed to contain.

HIS STOMACH WITH THE MINERAL
SALTS HE REQUIRES"**

Laboratory tests prove that the fruits, the vegetables, the grains, the eggs, and even the milk and the meats of today are not what they were a few generations ago (which doubtless explains why our forefathers thrived on a selection of foods that would starve us!)

**NO MAN OF TODAY CAN
EAT ENOUGH FRUITS AND
VEGETABLES TO SUPPLY HIS
STOMACH WITH THE MIN-
ERAL SALTS HE REQUIRES
FOR PERFECT HEALTH, BE-
CAUSE HIS STOMACH ISN'T
BIG ENOUGH TO HOLD THEM!
AND WE ARE RUNNING TO
BIG STOMACHS.**

**"A MARKED DEFICIENCY IN ANY
ONE OF THE MORE
IMPORTANT MINERALS
ACTUALLY RESULTS IN DISEASE"**

No longer does a balanced and fully nourishing diet consist merely of so many calories or certain vitamins or a fixed proportion of starches, proteins and carbohydrates. *We know that our diet must contain in addition something like a score of mineral salts.*

It is bad news to learn from our leading authorities that *99% of the American people are deficient in these minerals, and that a marked deficiency in any one of the more important minerals actually results in disease.* Any upset of the balance, any considerable lack of one or another element, however microscopic the body requirement may be, and we sicken, suffer, shorten our lives.
