THE CALL TO THE LAST FREE MILITIA

"A well regulated militia being necessary to the security of a free state, the right of the people to keep and bear arms shall not be infringed."

2nd Article of Ammendment to the Bill of Rights, U.S. Constitution

Arise, Liberty's Sons! Awakel!
The foes of freedom are upon
you, even at the very door.

This may be the last chance you
have to defend yourself, your
families, with honor. Will you wait
until the last gun is confiscated,
until the last box of ammo leaves
the shelf, until the wolves burst
into your homes and engage in a
ravenous feeding frenzy upon

your loved ones?

There is no doubt about the
intent of our lawmakers to take
the guns away. And waiting in the
wings, eager to pounce, are
scores of federal agencies with
the muscle to make it
happen...and itching for a fight.
The ATF, FBI, DEA, IRS, and not
to mention your local federally-
funded police department —
NONE OF THEM WILL TOLERATE
AN ARMED CITIZEN! And
I speak from experience.

There can only be one answer
to this cowardly and silver-
tongued declaration of war.

**YOU MUST FORM YOUR
LOCAL MILITIA UNITS NOW,**

**OR ELSE YOUR HOUSE
SHALL BE BURNED DOWN
AROUND YOU IN YOUR IMPO-
TENCE!**

Besides being enamored
in our founding fathers marvel of
achievement, you will find that
EVERY STATE IN THE UNION
(with the possible exception of
New Hampshire) have statutory
laws guaranteeing the right and
DUTY of their people to organize

(see **MILITIA**, pg. 2)

IS THIS THE END?

IS THIS THE END?

The question is asked in all
sincerity, and with no tint of jest or
attempt at "rabble-rousing" (patriots
were called "rabble" once before,
you know). Have we reached the
end of our rope? Is the fragile flame of
freedom about to be extinguished
forever?

I don't ask this with our
economy in mind, although the
space for speculation on that topic is
vast. And I'm not referring to our
deteriorating social structure coupled
with unpredictable urban unrest. I'm
not talking about our schools, or the

debt, or Waco, or income taxes, or
about any other subjects that might
crop up when discussing "the end".

I am referring to a potential devastat-
ing military situation presently in our
laps. For the first time in American
history THERE ARE ARMED AND
QUARTERED TROOPS IN STRA-
TEGIC POSITIONS ON AMERICAN
SOIL, with the consent of our own
treasonous government! The U.N.,
backed by the collective power of
nearly every communist, socialist, and
mock constitutional regime in the
world, has begun its invasion of the
United States of America!

Consider the following
FACTS, as presented us in a low
voice by our own darling mainstream
media:

1.) The prestigious Fort Dix
U.S. Army base in New Jersey has
been turned over lock, stock and
barrel to the United Nations, who
immediately quartered Russian troops

into militia units. Here in Missouri, you will find the appropriate statute as follows:

Revised Statutes of Missouri (RSMo), section 41.050, in the chapter on Military Affairs and Police—"The militia of the state shall include ALL able-bodied citizens and other able-bodied residents, who, in the case of the unorganized militia and the Missouri reserve military force, shall be more than seventeen years of age and not more than sixty-four."

The statute, current and unrevised, goes on to say that members of the organized militia, national guard, or U.S. military may NOT be members of the unorganized citizen's militia.

RSMo section 41.070 (3) goes on to say: "The unorganized militia shall consist of all persons liable to serve in the militia but not commissioned or enlisted in the organized militia."

communications based on power are always vulnerable.

7.) Meet regularly and stay informed. At least one member MUST have a shortwave radio to disseminate critical information to the others, information that can be had no where else. A one page typed newsletter (no frills) could accomplish much.

Most importantly of all, be ready for anything, at anytime. You are truly the last minuteman, and the last free nation in the world depends utterly upon your vigilance (for our government has failed us, and we have failed ourselves; fortunately, it's not too late for US!).

Excellent radio sources of militia-oriented information are (on the am dial) PRN, the People's Radio Network, 1030 am in K.C. and WWCR, World Wide Christian Radio (on the shortwave dial) at 5810 kHz. This news letter will

The law is quite clear, and if you meet this loose requirement then guess what? You are already IN the militia, and you didn't even know it. For the sake of potential encounters with "law" enforcement personnel I suggest a trip to the law library or court house and getting a copy of the page yourself.

Here are some tips on forming your local unit:

1.) Give the unit a name, a meeting place (on private property), and an identity. The U.S. flag and Constitution and the Missouri flag and Constitution should be present and WELL KNOWN amongst all militia members.

2.) Keep your units small, no more than a dozen bodies and within a local area. Know your people. Infiltration is a very real and present danger. Keep any phone list on a first name (or handle) basis only.

run as a regular feature a Militia Update from now on.

One word of warning: Linda Thompson, the lawyer who produced the Waco the Big Lie, and Waco II, the Big Lie Continues and who has a nightly radio show on WWCR, has publically advocated an armed march on Washington D.C. by members of State Militias. She may soft-speak her idea now, but she remains firm, even going so far as to ask militia members to wear descriptive insignia.

We at C.C.R. once had great confidence in Linda Thompson, and I hope her heart and soul are in the right place (and hands!), but what she proposes could get us all killed, tag every patriot in the country, and end the only hope for freedom through those willing to stand up and be counted.

Whether or not she actually is an agent saboteur is now irrelevant.

3.) Stay very clean, very safe, and completely out of hot water. People will be looking to brand you as nut and a terrorist; UNDER NO CIRCUMSTANCES LET THEM EVEN APPEAR TO BE PROVED RIGHT! The credibility damage to this vital movement would be beyond comprehension.

4.) Stay armed, working reliable firearms (the longer distance capability, the better) and stocked with at least 100 rounds of ammunition.

5.) Develop a network and escape routes in case of trouble. Map these routes, and hidden stashes of food, blankets, matches, water, and distribute to other members.

6.) A communications network is vital. The phone will do, but C.B. or high frequency is optimal. At the very least, tell your members to look for a smoke signal in case of trouble. All

As long as she persists in this self-destructive notion SHE MUST BE TREATED AS THOUGH SHE WERE. Listen to what she has to say and show you, but keep a critical eye and, as always, verify any "facts" for yourself.

WHAT TO CALL YOUR CONGRESSMAN ABOUT

- 1.) "YES" on Discharge Petition #12 & HR 3261
- 2.) "NO" on the Fairness Doctrine for broadcasters.
- 3.) "YES" on public, bipartisan hearings on Whitewater, with criminal prosecution on ALL involved.
- 4.) "WHY" are we bound under illegal UN treaties?

DID YA' KNOW?:

The warehouse of little-known information (thanks to our 'darling' media)

"Did ya' know..."

That people tend to die around President Bill Clinton; White House chiefs of staff, state troopers and their wives, personal body guards, campaign aids, and ANYONE from Mena who can't keep their mouth's shut!

That the American Spectator recently made a list of all the allegations (if filed criminally) against the President and the First (ahem) Lady, and found that if convicted on all counts they would face a total of 225 years in prison and \$3.7 million in fines (Bill's total = 178 years and \$2.5 mil; Hillary = 47 years and \$1.2 mil)?

That a third Arkansas state trooper has come forward to the press with allegations that he escorted and "guarded" then-Governor Clinton during extra-marital trysts on taxpayer time and money? He joins retired Arkansas Circuit Judge Jim Jones and one-time director of the Arkansas Development Finance Agency (ADFA) in public accusations of criminal behavior by the President and the First (ahem) Lady.

That the exact three people Senator Joseph McCarthy claimed to be leaking information on American atomic secrets have now been confirmed as communist agents by a declassified Russian intelligence report? I wonder if Slick Willy is in there somewhere.

That, in spite of his bragging about a "modest" \$30,000 a year salary as Governor of Arkansas, allegedly the lowest in the nation, the Scripps Howard News Service recently assessed Governor Clinton's non-cash compensation at \$284,000 per year? Arkansas' per capita income is \$10,520.

That there are four pro-life demonstrators from Indiana that, when faced with the new federal law imposing criminal penalties on those exercising free speech near an abortion clinic, they were given the choice of either going to jail or enduring eight hours of Planned Parenthood "education"? They chose jail, and were restrained for four hours in a chickenwire cage before being released through the assistance of their defense attorney.

That legislative gun control is an unconstitutional joke that leaves battery acid in your gut? Why? Because law enforcement statistics attest that criminals acquire guns from three primary places in the following numbers: 32% from theft, 40% from

borrowing or from the black market, and a scant 17% from retail purchase.

That one possible reason so many TOURISTS are the victims of violent crime in Florida is because Florida CITIZENS can easily obtain a concealed weapons permit (and many have!)?

That the original gun control legislation introduced in Congress in 1964 has lengthy excerpts taken verbatim from the original gun control legislation passed in Nazi Germany in 1938?

That the Webster College dictionary definition of socialism is: "The ownership of exploitable capital (all the money) and means of production (all the industry) by the government, NOT by individuals or by private enterprise."?

That only 4% of the American population took part in, AND WON, the American Revolutionary War? No one is ineffectual! Everyone makes a difference!

A Prayer to the Almighty from C.C.R.

Joshua at Jericho

"So the ark of the Lord compassed the city, going about it once: and they came into the camp, and lodged in the camp.

And the second day they compassed the city once, and returned to the camp: so they did six days.

And it came to pass on the seventh day, that they rose early about the dawning of the day, and compassed the city after the same manner seven times: only on that day they compassed the city seven times.

And it came to pass at the seventh time, when the priests blew with the trumpets, Joshua said unto the people, 'Shout; for the Lord hath given you the city.'

So the people shouted when the priests blew with the trumpets: and it came to pass, when the people heard the sound of the trumpet, and the people shouted with a great shout, that the wall fell down flat, so that the people went up into the city, every man straight before him, and they took the city."

Joshua 6:11-20*

MY EDITORIAL:

by Spencer "the Maccabee" Warren

This is supposed to be the column I always dreamed of where I pour out my personal lore and wisdom on the subjects that most interest me.

But, as usual, I have no idea what to write about.

There's the story of the killer, flesh-eating bacteria that can consume up to one inch of skin per hour. But that's still under investigation.

I could go into Clinton(s) and the Whitewater episode and the death of Vince Foster. But that disaster is still raining fallout on the White House even as I write, with greater detonations on the way.

Let's see; home-schooling, self-sufficiency, lesbos in the White House, detention centers, Jupiter blowing up. Wait. Why don't I just kill 20 birds with one story and write about the man that brought us half this information or more...William Cooper (but you can call him Milton).

You can catch him on shortwave radio, 5810 kHz on WWCR (Worldwide Christian Radio out of Nashville) at 11:00 pm central time weeknights. His show is called "The Hour of the Time" and I have never before or since heard such a powerful beacon of important truths from any medium on any number of subjects in my relatively few years of soaking in this information bath, short of the inspired Word of God. His topics range from the lore of Mystery Babylon (40 hours of broadcasts which are a unique landmark on the subject), Constitutional and common law, the patriot movement, income taxes, the true nature of the political battle that storms unceasingly across our country, medical madness, no-nonsense data on u.f.o.s, the New World Order, survival and more. And best of all, he verifies his facts and insist that those in his organization do likewise.

His organization is called C.A.J.I., the Citizen's Agency for Joint Intelligence, with the accompanying C.A.J.I. News Service and radio broadcast, "The Hour of the Time", and it is the most successful, productive and professional civilian intelligence organization in the world. He is ex-naval intelligence, a decorated Vietnam vet, a proud and capable leader of men, college educated, and a savvy businessman. Most importantly, he is a God-fearing Christian and a devoted family man. He lives high and dry in the beautiful mountains of Arizona.

His first book, "Behold a Pale Horse", achieved legendary sales and acclaim on the underground market. No major publishing house nor bookstore would touch its red-hot cover. His second book is currently on its way to press. There is no outside information on it at this time.

Current projects include (besides the 2nd book) a leveraged voting stock buyout/takeover of Gannett, Inc. which owns nearly every billboard in the country and a score of major media publications. Stock prices are still lucrative; all stock values are retained by C.A.J.I. members, but the explicit voting rights go to Cooper, who will soon have enough voting stock to attend the shareholder's meeting. He also publishes his own newsletter and has an active computer bbs system online, and has scheduled a C.A.J.I. seminar in St. Johns, Arizona from the 1st of August to through the 5th. Price for attendance is \$250/person for nonmembers and \$150 for members.

C.A.J.I., undergoing restructuring into the Intelligence Service, has currently and temporarily opened the option for membership to the public.

Cooper can be reached through his personal representative, Annie Mordhorst, who also handles orders for C.A.J.I. You can write to:

A GOVERNMENT 'FREEBIE' THAT YOU CAN'T DO WITHOUT!

For Missouri Citizens, if you would like a free copy of the Missouri Constitution, all you have to do is call the Secretary of State's Office and ask for one. The small paperback also includes an indexed U.S. Constitution as well. While speaking to their office, also request a state roster and general assembly roster, as well as a tourists pack (includes Supreme Court info as well as a small Missouri State flag). The Missouri Government Handbook is also nice, but there is a waiting list. Call (314) 752-4218.

CITY UPBEAT: A Journal of Kansas City, Missouri

FEDERAL DOOM ON THE HORIZON

A much-talked about (and little understood) topic in the local news recently has been the Urban Empowerment Zone, the Clinton make-over of a similar Bush and Reagan idea to reinvigorate deteriorating city landscapes. The basic idea is to throw billions of dollars at cities "who qualify" in hopes of attracting business with redeveloped housing and commercial zones for business.

But watch out for the hook, regardless of how sweet the bait. In it's feature story on the subject, the Kansas City Star quoted a federal magistrate as saying (on the subject of the legal implications of the empowerment zone) "...some federal regulations would not apply." SOME federal regulations would not apply? Guess what, that means that all the others DO apply, and if you live or operate in this "empowerment zone" the you must abide by them as law. Why? Because our Supreme Court has ruled that anything the federal government finances, it has the power to regulate. This goes for YOU as well! Those living on welfare or in the housing projects will get a big Clinton-sized surprise when their homes are forcefully searched for guns and drugs and the inhabitants thrown into federal custody.

Coincidentally, the creation of this "zone" will provide the federal government with an opportunity it cannot afford to pass up; the chance to put its One Card into operation. The One Card, a little monster cooked up by the Postal Service with the help of God knows how many unholy corporations is scheduled to be implemented this year, and allows "one-stop shopping" for all welfare services and is certain to be based on a person's social security number. But even more sinister, the One Card has been designed to accomodate all factors of a person's life in its embedded chips; banking, paying bills, shopping, voting, unemployment, pensions, income taxes, and possibly even child support and other court decrees.

Cleaver and the City Council just grinned like canary-fed cats as news of the potential millions "for Kansas City" began to sift through City Hall. But the responsibility is yours to see that the people remain sovereign and utterly reject this massive federal intrusion upon Missouri soil via a contemptuous and traitorous local government. Call City Hall and tell them what to do with their "Urban Imprisonment Zone" and tell others about the dangers of established federal jurisdiction where it did not exist before.

The mayor's office can be reached at (816) 274-2595, and while you are on the horn you might ask what the good Mayor Cleaver meant when he was quoted in the June 4, 1994 K.C. Star as saying, "We must being the process of disarming America." (in reference to a gun buyback program). If you get some clown-aide named "Dan", he probably won't return your call so give him hell!

WHY THE RAPTURE IS JUST AROUND THE CORNER

Notwithstanding the facts espoused world-wide by archaeologists concerning the existence of the kingdom and nation of Israel 2500 years ago, Scripture itself ascribes a very special significance to that dry stretch of beach and desert on the eastern shores of the Mediterranean. The Bible tells us that God would continually regather Israel like a mother hen gathers her chicks, and that process continues today with the ongoing Jewish exodus from Russia and other parts of the world (Ethiopia, Sudan, and to a lesser extent, America).

God promised Israel that He would restore her, and the nation of Israel simply had to be in existence before a number of old and new Testament prophecies could come to pass. The stage has been set, and continues to be laid out before us. But this is merely the foundation for other prophetic possibilities.

In 1988 the Turkish government completed a dam at the northern reaches of the Euphrates river. This modern achievement holds the power to cut off that mighty river at the source. This great waterway runs for thousands of miles like a great circuit cable through the Middle East, and if cut off it would immediately dry up into the desert, allowing the kings from the east with their massive armies to march on the Promised Land (an army of the size mentioned in Revelations, 200,000,000, could

only be fielded by either China or a multi-national force—yet this is the first generation that such a thing could even be planned realistically).

In the book of Daniel the Abomination of Desolations is spoken of. This Abomination is when the antichrist conquers Jerusalem and raises himself up as God in God's own Temple. None of these things can occur if 1.) Israel is not in possession of Jerusalem, or 2.) the Temple of God is not rebuilt. Well, Israel has Jerusalem almost entirely and plans for the rebuilding of the Temple are underway (an upcoming edition will be devoted entirely to this wondrous occurrence!).

Noteworthy items associated with the rebuilding of the Temple upon the Temple Mount are popping up in the news everywhere:

The cornerstone has already been cut, The snail required for the orthodox production of a blue dye necessary for the ceremonial robes of the priests has recently been discovered (thought extinct for 1000 years) in the Mediterranean ocean, The ritual silver trumpets, wash basin, and other Temple implements have been formed and are

(see RAPTURE pg. 6)

(from END pg. 1)

there for "training and exercises".

2.) A multi-national U.N. military unit recently conducted an offensive exercise against a MOCK UNITED STATES CITY SCENE in the California desert.

3.) ALL United States military forces have STRIPPED THE AMERICAN FLAG, yes, even Old Glory herself, FROM ALL MILITARY VEHICLES! See for yourself: check the planes, the trucks, the tanks, the jeeps...the stars and stripes ARE NO WHERE TO BE FOUND!

4.) And Mikail Gorbachev now has an office IN THE PRESIDIO military base, where he acts as an advisor to the respective UNITED NATIONS AND UNITED STATES DISARMAMENT AGENCIES!

In addition to these facts, eyewitness personal testimony is reported daily across the radio talk show spectrum of mysterious black helicopters with NO MARKINGS and no flight plans and flying FULLY ARMED! Large numbers of fully loaded train cars and military convoys have been seen on America's highways and railways; in Louisiana, Texas, Missouri, California, Florida, and up and down the eastern seaboard. Many of these vehicles are U.N. marked trucks and jeeps and

official vehicles. Others are tanks (M1A1 Abrams main battle tanks) and armored personnel carriers...PAINTED BLACK, with no markings or insignia whatsoever!

And what is worse and more frightening: THE PRESIDENT, VICE-PRESIDENT, AND MUCH OF CONGRESS AND THE CABINET IS PRESENTLY IN EUROPE HONORING THE D-DAY ANNIVERSARY...AWAY FROM THEIR POSTS AT THIS UTTERLY CRITICAL MOMENT!!!

How has this come to pass? How did this happen? Through treaty, ladies and gentlemen, signed by our government that is venomous and subversive to our constitution. By signing the U.N. treaty and it's multitude of DISARMAMENT AGREEMENTS, ratified by our own traitorous congress, these actions have become "legal" under the guise of oppressive international law (the next issue will delve into this legal quandry indepth).

But now...what to do?

There can be only one answer: ARM YOURSELF!!! You must be ready to protect your country at any time, at all costs, BECAUSE YOU KNOW THAT YOUR GOVERNMENT IS FAILING TO DO SO OR CHOOSING NOT TO DO SO!

Under the U.S. Constitution and every State Constitution, the right of a free and armed militia is unanimously upheld for the people. YOU MUST EXERCISE THIS RIGHT NOW OR ALL MAY BE LOST! We would not be the first nation to topple with barely a shot being fired, and this battle has raged for decades with the American people sound asleep.

Stay tuned to the news for activities in your area. Have a dependable firearm near you at all possible times with adequate ammunition. Keep an eye on your interstates, railways, and skies for U.N. or black vehicles. And stay in close contact with others who know the danger. Report any unusual activity and we will publish the news in our reports. This issue will contain a close look at the laws guaranteeing our right to organize as a militia, and it's necessity to the survival of a free nation. Though concentrating on Missouri, ALL STATES HAVE SIMILAR MILITIA LAWS IN THEIR STATE STATUTES! They will be easy to find in the nearest courthouse or law library, and you must become familiar with them to have the law firmly on your side.

Sleep not, oh Minutemen, for the hour of determination doth come!

awaiting use,

The sacrificial red heifer, also thought extinct, has been genetically perfected in Louisiana and SHIPPED TO JERUSALEM!

Combine these with the presence of re-invigorated orthodoxy from the influx of exodus Jews from around the world and it makes an electric atmosphere for activity around the Temple, long a primary symbol of the Jewish faith and people. The Temple of God, destroyed almost 2000 years ago by the Romans, could literally rise from the ashes of history any day!

The current global/political atmosphere is also becoming ripe for the one world religion and church prophesied in Revelations that will be headed up by the false prophet, servant to the antichrist. The sweetening of relations between the

Vatican and protestant denominational leaders is yet another heavy step in that direction. "The God of Christians and the (g)od of Moslems are one in the same," decried Pope John Paul II in 1991 (a blatant lie, Allah being the chief pagan god in the temple Mohammed cleansed, and his name merely applied to ease the religious transition of his subjects).

The ongoing inexorable push towards actual world government sets the political stage for the soon-to-rise antichrist; whether its foundations be in the U.N. building in New York or the halls of banking in Europe makes no difference in the long run. This will be the new bipolar world, their combined hellish authority split right down the middle between the spiritual and the temporal. Will U.S. and Russian troops be the policemen for such a nightmare world? They already begin to assume their new duties with unquestioning obedience.

It is only a question of when.
